Powlekane tarcze hamulcowe Bosch – wyjątkowa odporność na korozję

Bosch wprowadza na rynek kolejne referencje powlekanych tarcz hamulcowych. Poniższa lista zawiera wszystkie dotychczas wprowadzone. Dla ułatwienia nowo wprowadzone referencje zostały przedstawione w pierwszej kolejności i wyróżnione kolorem niebieskim. Powłoka, jaką pokryte są tarcze hamulcowe, przede wszystkim zabezpiecza tarcze hamulcowe przed korozją. Ochrona ta sprawia, iż miejsca niewspółpracujące z klockiem hamulcowym pozostają zabezpieczone przez długi okres użytkowania. Powłoka zabezpieczająca nie zmienia charakterystyki układu hamulcowego.

Uwaga!

Powłoki nie należy usuwać w żaden mechaniczny ani chemiczny sposób. Zostanie ona samoistnie usunięta podczas procedury docierania tarcz hamulcowych!
